Fall Edition 2020

Help us welcome Ms. Trudy Storrer!

Our beloved rotation scheduler Cheryl Walloch retired in early October. We miss Cheryl and wish her well! We would like to announce the arrival of Trudy Storrer. Trudy has years of experience with our university and with scheduling clinical rotations. If you have any questions about your student schedules please contact Trudy at tstorr@midwestern.edu

New Mid and End Rotation Evaluation Forms

As a reminder, there are new forms for both our Mid and End Rotation evaluations. The language regarding assessment rating was revised to provide better supporting documentation of our students' achievements toward competencies for the rotation.

Please support your scores with comments and feedback to students!

Clinical Rotation Site Visits

Annually we arrange clinical site visits with various established and new preceptors to maintain rapport, communicate openly about student feedback, reiterate program expectations, and to support our preceptors. Due to COVID, we will be limiting our site visits to virtual or telephone calls as much as possible. Please watch for our email invitations to set up a site visit based on your schedule and preferred method of communication.

Need To Contact Our Department?

If you have questions about our program or desire feedback regarding precepting our PA students, please reach out to us.
