

Heart Sounds

<u>Group</u>	<u>Description</u>
Heart Sounds,	
Normal & Variants	Normal Heart Sounds, 60 bpm
	Normal Heart Sounds, 75 bpm
	Normal Heart Sounds, 90 bpm
	Normal Heart Sounds, 110 bpm
	Third Heart Sound, Pediatric, 90 bpm
	Fourth Heart Sound, 80 bpm
	Physiological Splitting of Second Sound
	Paradoxical Splitting of Second Sound
Aortic Heart Sounds	Aortic Stenosis, Mild
	Aortic Stenosis, Severe, S2 Absent Ex1
	Aortic Stenosis, Severe Ex2
	Aortic Stenosis and Regurgitation
	Congenital Aortic Stenosis
	Acute Aortic Regurgitation
Mitral Heart Sounds	
	Mitral Valve Prolapse
	Mitral Regurgitation, Mild
	Mitral Regurgitation, Marked
	Mitral Stenosis
	Mitral Stenosis and Regurgitation
Pediatric Heart Sounds	
	Innocent Systolic Murmur
	Innocent Systolic Murmur - Vibratory
	Ventricular Septal Defect
	Atrial Septal Defect
	Patent Ductus Arteriosus
	Pulmonary Hypertension
	Tetralogy of Fallot
	Summation Sound
	Eisenmenger's Syndrome
Other Heart Sound	
	Pulmonary Stenosis with Intact Septum
	Acute Pericarditis
	Hypertrophic Cardiomyopathy
	Congestive Heart Failure
	Atrial Fibrillation
	Venous Hum
	Coarctation of the Aorta
BRUITS	
BRUITS	
	Carotid Bruit, Mild I
	Carotid Bruit, Medium I
	Carotid Bruit, Mild II
	Carotid Bruit, Medium II
	Aortic Aneurysm
	Renal Bruit

HEART-LUNG COMBINATIONS	
Heart-Lung Combinations	
	Aortic Stenosis with normal breath sounds
	Aortic Stenosis with Crackles
	Atrial Fibrillation
	Fourth Heart Sound with respiratory variation
	Mitral Regurg with normal breath sounds
	Mitral Regurg with crackles
	Mitral Valve Proplapse with breath sounds
	Normal Heart Sounds with Expiratory wheeze
	Rhonchus with Normal Heart Sounds
	Chronic Bronchitis with Normal Heart Sounds
PALPATION	
Palpation	
BREATH SOUNDS	
Breath Sounds, Normal	
	Normal Vesicular Breath Sounds
	Normal Breath Sounds - Pediatric
	Bronchial Breath Sounds
	Bronchovesicular Breath Sounds
Adventitious Breath Sounds	
	Crackles, Fine
	Crackles, Medium
	Crackles, Coarse
	Crackles, Very Coarse
	Wheeze, End Expiratory
	Wheeze, Low-pitched (Rhonchus)
	Pleural rub
	Pleural rub, left lung, Normal , right lung
	Stridor
Breath Sound Conditions or Diseases	
	Asthma, Severe
	Empysema
	Bronchitis, Chronic
	Atelectasis
	PneumoThorax
	Pulmonary edema
	Pneumonia, Lobar (lower right posterior lobe)
Other Breath Sounds	
	Bronchophony, "99" normal
	Bronchophony, "99" abnormal
	Pectoriloquy, "1,2'3" normal
	Pectoriloquy, "1,2'3"abnormal
	Egophony, E to A, normal
	Egophony, E to A , abnormal
BOWEL SOUNDS	
Bowel Sounds, Normal	
	Normal Bowel Sounds, newborn
	Normal Bowel Sounds, 1 year old
	Normal Bowel Sounds, 4 year old
	Normal Bowel Sounds, 20 year old

	Normal Bowel Sounds, 60 year old
Bowel Sounds, Hyperactive	
	Hyperactive Bowel Sounds, 2 year old
	Hyperactive Bowel Sounds, 10 year old
	Hyperactive Bowel Sounds, Codiene
Bowel Sounds, Hypoactive	
	Hypoactive, post op
	Hypoactive, anesthesia
Bowel Sound Diseases or Conditions	
	Chron's Disease
	Diarrhea
	Irritable Bowel Syndrome
	Ulcerative Colitis
	Borborgymus I
	Borborgymus II
